

EndNote quick tips: Exporting References from WilsonWeb databases

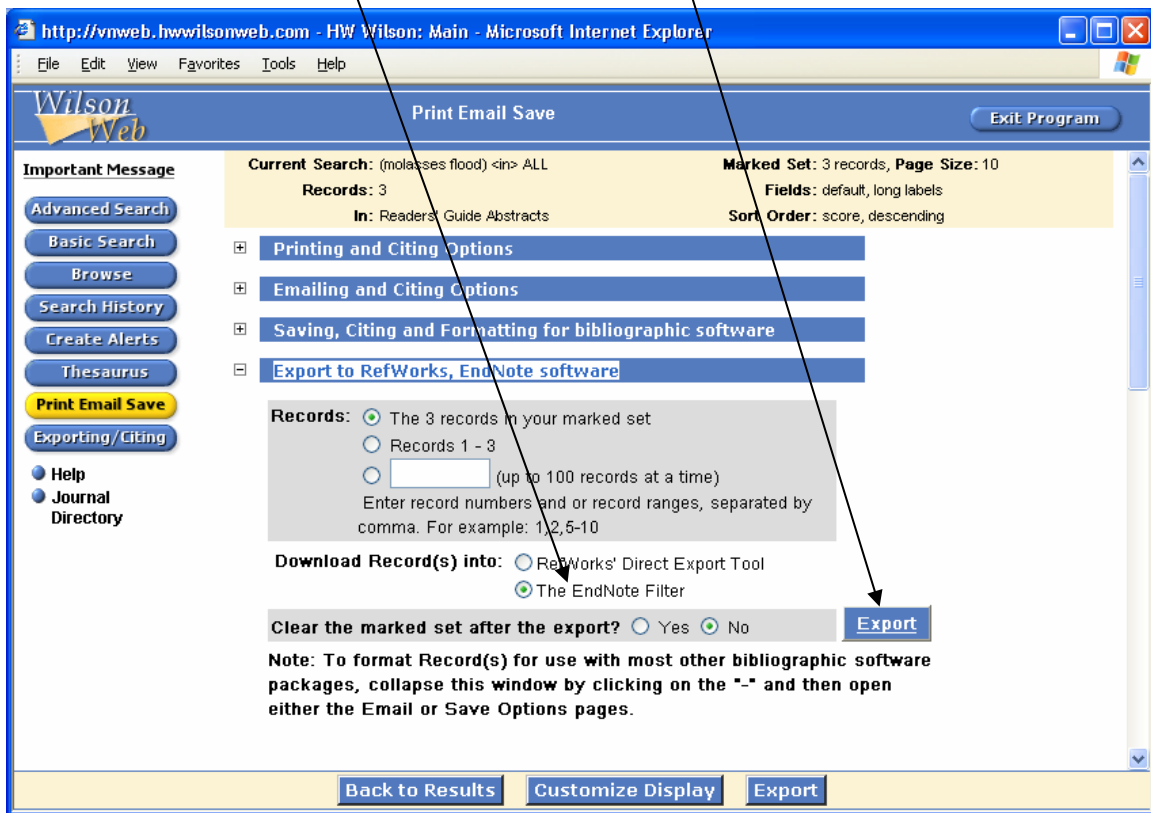

1. Use checkboxes to select records then click “Print Email Save”

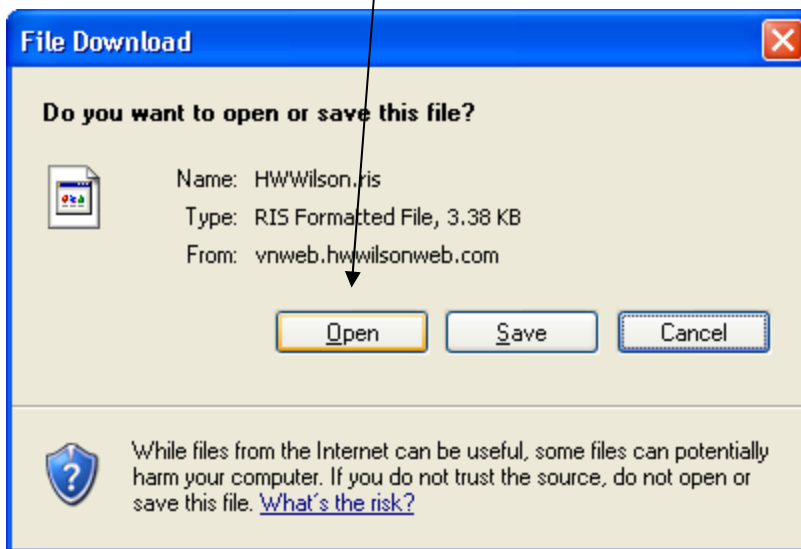

2. Open the section for “Export to RefWorks, EndNote software” by clicking in the + box.

3. Choose "The EndNote Filter", then click "Export".

4. If prompted, choose "Open" in the File Download dialog box.

5. Choose an EndNote library for your references.
