Hans Christian Andersen Awards

Informational dossiers on candidates for the Hans Christian Andersen Awards were prepared for judges on the awards committee. This collection consists of the dossiers for 1994, 1996, 1998, and 2000, and 2002 as well as additional information such as photocopies of selections from texts or illustrations, clippings, reviews, and dustjackets from award books and other books by some of the authors or illustrators. All of the awards books have been cataloged for the Northwestern University Library curriculum collection and will be found in the NUL on-line catalog. These may be searched by author, illustrator, title, or the award.
