### Charles Haag Glass Plate Negatives

Charles Haag, American sculptor, lived his later life in Winnetka, Illinois. This collection of 121 glass plate negatives in various sizes from 4 x 5 to 8 x 10 includes images of Haag, his family members and friends, works in progress and finished sculptures, and his studio and home. The collection was acquired by the McCormick Library from the N.U. Art History Department in 1989 to whom they had been given along with a series of small wood sculptures by Haag. The latter were sold by the Mary and Leigh Block Gallery at the Leslie Hindman Auction Gallery between 1993 and 1995.
