

## Northwestern University Libraries Board of Governors

### Mission

The Northwestern University Libraries' Board of Governors mission is to serve as an advocate for the Libraries within the University and in the community at large, to assist in identifying and securing philanthropic resources for the Libraries, and to advise the Dean of Libraries on relevant issues that are of concern to the Libraries and the Northwestern community. The Board of Governors addresses the general well-being of the Libraries, its scholarly services, support, and stature within the University.

### Membership

The Board of Governors of Northwestern University Libraries is composed of regular members in good standing, and emeritus members. Individuals serving as regular members, and those recommended for emeritus status, are nominated and approved by the Executive Committee. Regular terms are three years, and are renewable based on the recommendation of the Executive Committee and the Dean of Libraries. From time to time the Board may also propose that the special honorary designation "Life Member" be granted to recognize a person's meritorious contributions.
